Look at this sky

it needs to defragment

or install OS/2 and HPFS file system

4/2002

Why use new things

when that old

still work

5/2002

water is still could

OS/2 is still cool

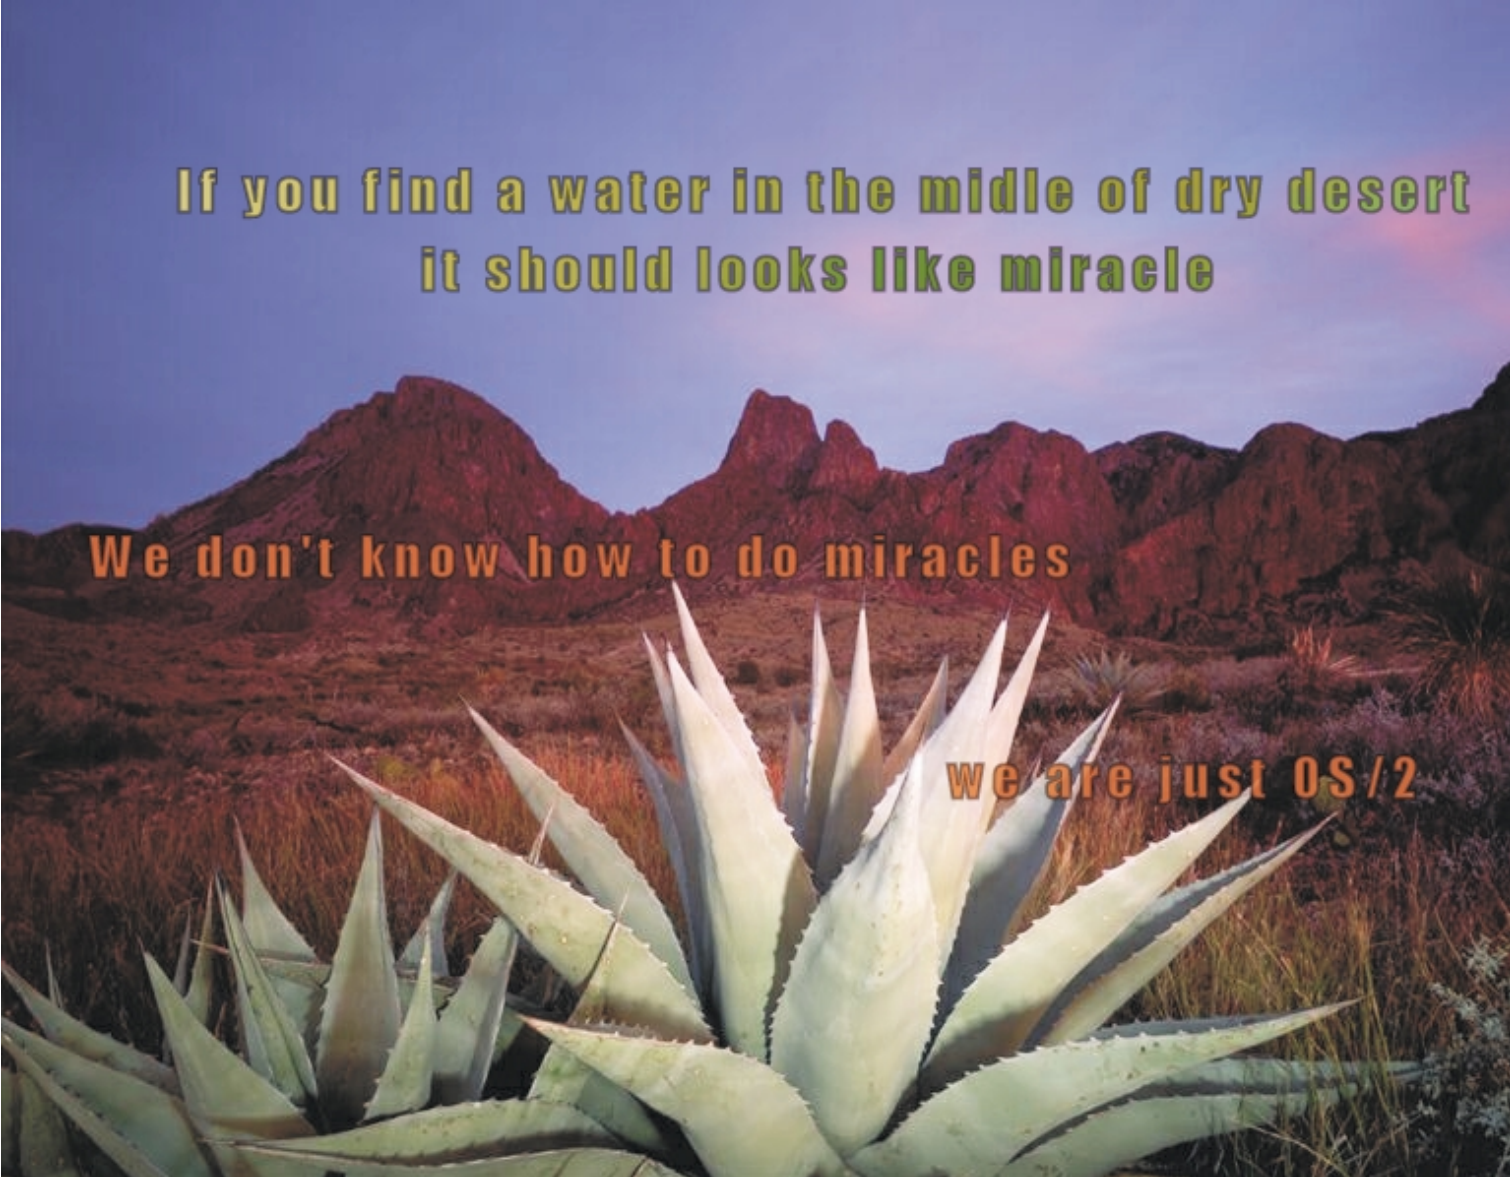

but summer is coming

and it will never change

**If you find a water in the middle of dry desert
it should looks like miracle**

We don't know how to do miracles

We are just OS/2

Visit <http://www.os2.cz>

do you like that times....

you are walking along the beach...

there is no problem...

Your computer should feel same

just install OS/2

9/2002
