IBM Quad Digital Trunk PCI Telephony Adapter: Telepermit Application

Dear Ian,

Further to your application of 1 May 2002 on behalf of IBM NZ limited, I am pleased to advise that a Telepermit has been granted for the IBM Quad Digital Trunk PCI Telephony Adapter. The Telepermit details are as follows: -

IBM Quad Digital Trunk PCI Telephony Adapter

PTC 214/03/001

Special Conditions

General Warning

1. The grant of a Telepermit for any item of terminal equipment indicates only that Telecom has accepted that the item complies with minimum conditions for connection to its network. It indicates no endorsement of the product by Telecom, nor does it provide any sort of warranty. Above all, it provides no assurance that any item will work correctly in all respects with another item of Telepermitted equipment of a different make or model, nor does it imply that any product is compatible with all of Telecom's network services.

General Conditions

1. As required by PTC 100, please ensure that this office is advised of any changes to the specifications of these products that might affect compliance with the relevant PTC Specifications.
2. The grant of this Telepermit is specific to the above products with the marketing description as stated on the Telepermit label artwork. The Telepermit may not be assigned to other parties or other products without Telecom approval.
3. A Telepermit artwork for each device is included from which you may prepare any number of Telepermit labels subject to the general instructions on format, size and colour quoted on the attached sheet.
4. The Telepermit label **must** be displayed on the product at all times as proof to

purchasers and service personnel that the product can be legitimately connected to the Telecom network.

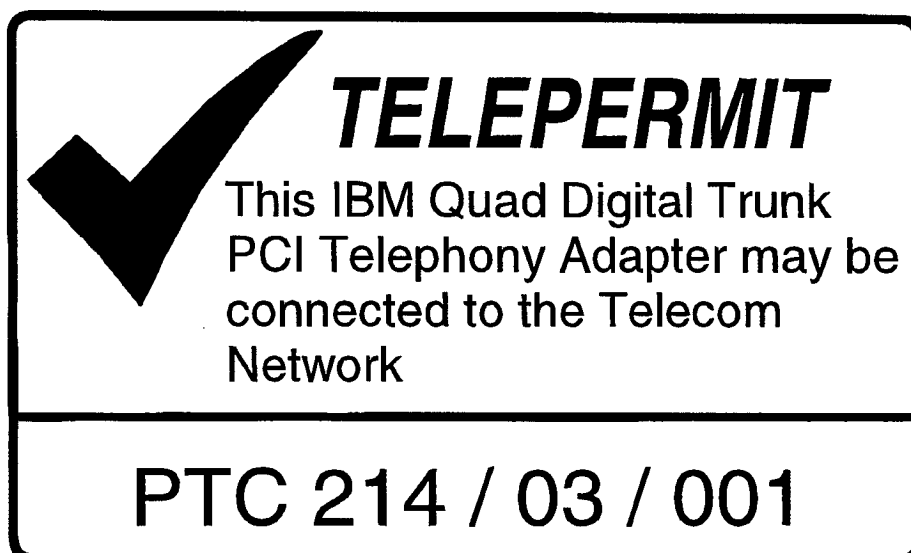

5. The Telepermit label may also be shown on the packaging of the product and in the sales literature, as explained in PTC 100.

The charge for each Telepermit assessment is NZ\$ 337.50. An invoice for this amount will be forwarded under separate cover.

Yours sincerely

Alan Reedy
Telecom Access Standards

This Telepermit is issued to IBM Zealand Limited, subject to the conditions of Specification PTC 100 and any further conditions stated in letter CPAS 214/03/001 dated 14 May, 2003.

IT IS MANDATORY THAT A TELEPERMIT LABEL BE AFFIXED TO EVERY PRODUCT CONNECTED TO THE TELECOM NETWORK

Display of such a label is evidence of a Telepermit grant

The overall size and shape may be chosen by the Telepermit holder to suit the nature of the product concerned, but the overall proportions of the standard label and the information content are not to be varied from that specified by Telecom, as above.

Example:

For a 20 mm X 30-mm label

Body Text:

5 point Arial

PTC No.:

9 point Arial

"TELEPERMIT"

9 point Arial Narrow Italic

The Tick Symbol

Equivalent to 40 point Arial

Colour:

Tick and Word *"TELEPERMIT"*

Telecom Green (Pantone PMS 375)

Other Text and Box:

Either Pantone PMS 375 or Black

Background:

Either White or Silver
